11: Stefansson--286 (1908-1912) 1913 Copper Eskimo

"We stayed three days in this, the largest village of the Copper Eskimo. On account of the number of individuals gathered together, their social life tended a little more to complexity than was the case in any of the other districts, but still it can hardly be said that there was a semblance of government. Certain individuals appeared, however, to have a preponderating influence, based apparently on individual prowess and to some extent on their records as travelers. The men who had been down in the vicinity of Chesterfield Inlet, and who had visited numerous tribes other than those with which the tribe as a whole comes in contact were apparently looked up to for that reason."
